The HI-TECH system is a system of information boards and plaques.

With this system, we can build a single-column, two-column, or three-column information board.

The content can be permanently printed or removable.

The graphics are digitally printed on the back of the panel and adhered to the entire surface with a frosted foil that imitates glass graining.

The mounting brackets are made of anodized aluminum, and the entire board is suspended on steel cables.

Board standard:

Top panel for logo, name, etc., 700 x 120 mm

Bottom panels for tenants: 700 x 80 mm, permanently printed or

Bottom panels for tenants: 700 x 80 mm - print the information yourself.

Each panel has system brackets attached to the sides.

Top brackets x 2.

Bottom brackets x 2.

The brackets are adjustable: the board can be hung from the façade or ceiling/floor.

The box price is for one 700 x 80 mm panel with a pocket for changeable information and side brackets for cable attachment.

In subsequent boxes, you will purchase a 700 x 120 mm main panel with your logo and name, and a mounting system with steel cables.
